What is the bulk upload deadline for SAT?

Melanie Jones: We are in the process of solidifying those dates with the College Board. It should be mid-to-late January. We should have those dates set by our next webinar, November 14.

Is there a plan to get ELMS updated at the SDE level so it is accurate enough to be used for this task? Our LEP department has been working diligently to update and hasn't been successful. Is it just us?

Melanie Jones: Yes, we are working diligently to make sure that ELMS is updated and accurate. We are hoping that you can launch ELMS and get the export you need for the DRC pre-ID file upload easily. If you have specific problems with ELMS, please contact Alissa Metzler, ELP Coordinator: 208-332-6905.

Is a CSI spreadsheet going to be posted on the Accountability website today?

Kevin Whitman: It will be up soon. I do not know if it will be today or a bit later. Sorry I don't have the exact date for you.

Will the updated WIDA/ACCESS slides be made available?

Danielle Taylor: Yes, those PowerPoint pages will be added to the PowerPoint presentation that will be uploaded under [Resources for Assessment & Accountability](#) as soon as the document is made accessible and posted by SDE's webmaster in approximately 5 business days.
